

11th February International Day of Women and Girls in Science

In order to achieve full and equal access and participation in science for women and girls, the General Assembly of the United Nations decided in 2016 to proclaim February 11 as the **International Day of Women and Girls in the Science**.

On February 8th and 9th 2018, **CIC biomaGUNE**, **Centro de Física de Materiales (CFM, CSIC-UPV/EHU)**, **CIC nanoGUNE** and **Donostia International Physics Center (DIPC)** commemorate this day celebrating a series of events that aim to make visible the activity of women in science, break with the typically male roles attributed to scientific-technical activities and encourage the choice of scientific careers among girls and adolescents.

February 8th

9:15 – 12:15 Do you know any scientific Woman?

CIC nanoGUNE and CIC biomaGUNE

School Visits: Ibai Ikastola and Deutsche Schule San Alberto Magno

Nanoscience workshop for 6th and 5th grade girls and boys. The researchers of the organizing centers will carry out different activities aimed at highlighting the role of women in science throughout history and scientific demonstrations in this two-hour workshop.

19:00 Donostia City of Women researchers

Koldo Mitxelena, Salón de actos & Udaberri-berri bar

Short outreach talk session by women researchers from San Sebastián research centers. The talks will deal with current scientific topics. At the end, we will extend the round of questions at the nearby Udaberri-berri bar, where we can talk with the speakers in a more informal atmosphere.

Dr. Sara Barja (Ikerbasque Research Fellow, CFM)

Dr. Maia García (Ikerbasque Research Fellow, DIPC, Loreal Women Researcher Award 2017)

Dr. Deung-Jang Choi (Ikerbasque Research Fellow, CFM, visiting researcher, CIC nanoGUNE)

Dr. Marta Autore (Post-doctoral Researcher, CIC nanoGUNE)

Dr. Aitziber López Cortajarena (Ikerbasque Research Professor, CIC biomaGUNE)

February 9th

9:30 High School Visit

CFM and DIPC

Within the framework of the visit program of the CFM and the DIPC, a group of students will have the opportunity to attend a guided tour exclusively by women researchers and learn about the role of women in the scientific field.

10:30 Amona's Power

CFM

Visit and workshop aimed at women over 55 years.

12:00 WinS Colloquium: Career development outside academia

CIC biomaGUNE

In this seminar Dr. Alba Centeno Perez (Graphenea) & Dr. Africa G. Barrientos (Midatech Pharma) will give us their view on switching career from academia to industry, prospects, and outcomes. After short talks, an open discussion will take place.

17:30 Science is a girl thing

CIC nanoGUNE

Workshop aimed at high school and high school students. Guided by the researchers of the organizing centers, they will have the opportunity to be "scientific for a day" and perform various nanoscientific experiments. Registration is required.

Organizers:

CIC biomaGUNE
Biomaterialeko Ikerkuntza kooperatiboko Zentzua
Center for Cooperative Research in Biomaterials

CFM
CFM

CIC nanoGUNE
NANOSCIENCE COOPERATIVE RESEARCH CENTER

DIPC
